If one of your body measurements is on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit.
If your body measurements for hips and waist correspond to two different suggested sizes, order the one indicated by your hip measurement.

All measurements must be taken directly on the body

CHEST: measure where the bust is fullest.
WAIST: measure where the waist is narrowest.
HIP: measure where the hip is fullest.
INNER LEG: measure from crotch to the flor.
